Begin Here & All is Possible

Was your child too young to start preschool in September or not quite ready; then start them in January. All the benefits of an academic preschool with the added bonus of our gymnastics gym.

Math Readiness

Reading Readiness

At Mini-Hops Academic Preschool we believe that children learn best through play, peer interactions and daily experiences. The teachers and staff will encourage your child's natural curiosity for exploring and learning new things while integrating structured educational activities. In addition to the classroom learning, the children will benefit from our 15,000 square feet gymnastics area. We believe in the development of the whole child; social, emotional, cognitive, and physical. We feel a positive educational environment provides a foundation for confident children and that there is a strong correlation between a child's early experiences and success later in life, therefore; we strive to make your child's experience one that is unforgettable!

The preschool class will be held on Tuesday and Thursday from 9:30-12:00 for children 3 1/2 to 5. It will open in January 2011 and go through May 2011.

Please call Mini-Hops 952-933-2452 with any questions or for a complete registration packet.
